

# **FOR IMMEDIATE RELEASE**

## **Road Construction**

### **STATE STREET RECONSTRUCTION PROJECT**

Beginning Monday, May 14<sup>th</sup>, Villager Construction will begin excavation for the new road construction on State Street. This work will begin at the intersection of High Street and William Street. Work will progress towards the intersection of North and South Indiana Avenues. This process will result in one-lane traffic and traffic delays longer than what commuters have become accustomed to so far during this project. On-street parking will also be restricted in work areas.

In order to shorten the total time for this inconvenience to businesses, residents and commuters, Villager Construction plans on working extended hours. These hours will be 6:00 a.m. to 6:00 p.m., Monday through Saturday.

Access to businesses and residences will be maintained during this phase of construction. If you live on or have business on State Street, please continue to use State Street but please plan ahead, understanding that there will be delays. If you use State Street as a thru street, you may wish to seek alternate routes.

For further information, contact Ken Lanning at 779-7465.
